Biography

It all began when Henry was searching for an after-school job. Not having any success, he finds an ad for a part time position at a store called Junk N' Stuff. Little did Henry know his life was about to turn around when the store's mysterious owner showed him a back door with a secret passage to an underground location. The truth would all be revealed when after a brief interview with an employer named Ray, he revealed himself to Henry as the superhero Captain Man.

Following a subsequent superhero test of skills, Henry would learn Ray was looking for a sidekick, with the hope that someday he would become his successor, as he was now much older and past his prime. Henry would swear an oath, and officially become Captain Man's sidekick, Kid Danger. For awhile, Henry as Kid Danger was enjoying being Captain Man's sidekick, and the word quickly spread all over Swellview. However, undecided about whether he wanted to continue being a sidekick when his civilian life started to come back to him, duty calls when Captain Man was kidnapped by a villain named The Toddler. Realizing how important the job of being a sidekick is, Kid Danger saves Captain Man and defeats the Toddler, proving himself as he is what Captain Man had been searching for. For six years, Swellview now had two heroes.

Following the events of Kid Danger's apparent sacrifice, he, Jasper, and Charlotte go to a new city to fight crime along with his brand new superpower.

Description & Personality

Henry Hart has blond hair and brown eyes. He often wears plaid shirts and jeans in his appearances, but also wears regular long sleeve shirts and hooded shirts. He often wears Vans.

As Kid Danger, he wears a red mask with silver lining on top, with his hair slicked to the left, a blue shirt with a silver vest with red and black lines and a hurricane symbol on it. He also wears red pants with a black utility belt and has the same hurricane symbol on the buckle, red gloves with red and black striped elbow hands with silver on the edges, and black boots with red stripes on the laces.

Henry is very ambitious, charming, and sometimes can be naive. He does not like having secrets kept from him, and always sticks up for himself. He is very possessive of his job as Kid Danger. He is superficial, but has become less superficial over time. He is also a charmer with infectious enthusiasm when it comes to girls. He is outgoing, yet somewhat awkward. He is cheesy and goofy, but in a fun and infectious way. He is very expressive, and has a hard time hiding his true emotions. He is courageous, has a sharp-eye, has good instincts, and is a quick thinker. He likes to look neat, and he is aware that he is attractive, but is not arrogant about it. Over time, Henry has become cocky, but recently realized that he needs to tone it down. He wants to explore and go outside the box. Even though Henry has many flaws, he cares about his friends and family, and has saved many peoples' lives.

How is he still 17? Charlotte said he hasn't been to school since Broken Armed & Dangerous. She said that was a year ago so Henry has to be 18 by now. He can't stay the same age for 2 years. They basically said Henry is 18. When Piper asked when the last time Henry was at school he said "The other day when I broke my arm." (He was 17 in that episode.) Then Charlotte said "That was a year ago." He's clearly 18 now.

February 10 by RuinTheCent Reply

> February 21 by Abippes25

> No. He's not scheduled to die. People are ridiculous and are obviously not knowledgeable. Henry Hart can't die but he won't be a superhero anymore because he has to save the babies of the hospital but he can't stop Drex and save the babies so, Ray will do it.

I think we all know why Henry isn't going to turn 18 :(

> That doesn't make sence. The season premiered over a year ago, there was a Christmas special in 2019. his birthday is likely before Christmas, so he has to be 18 by now. He can't stay the same age for two years.
> January 24 by Davidwalker30

> Well Just because Henry's Birthday premiered in November dosen't mean anything, and we don't really know exactly when his birthday is. We could just assume that he's still 17 almost about to be 18.

No I watch hour of power

So he's never going to turn 18 is he
January 2 by Davidwalker30 Reply

I got a tablet for Christmas and I don't want jace norman to stop henry danger and I am turn 14 this summer and I won't stop henry danger
January 2 by Abippes25 Reply

So is he ever going to turn 18? It's almost 2020 and if he was born in 2001, he should be at least 18 by now.

Since Charlotte and Jasper's pages say they're 17-18 for Season 5, and it's almost 2020, how come Henry's page doesn't say 17-18 for Season 5?

So is Henry 18 now or is he still 17?

Idk why but I kind of want to see an episode where Henry has facial hair. He would look pretty cool with it. Especially as Kid Danger. I know they did it in Henry The Man Beast, but I want to see him with a mustache like the one Jasper had.
